VIGOR, VIM, VITALITY AND PUNCH
THE ABILITY TO ACT ON A SUDDEN HUNCH
NERVE TO TACKLE THE HARDEST THING
FEET THAT CLIMB AND HANDS THAT CLING
A HEART THAT NEVER FORGETS TO SING
THAT'S PEP. THAT'S PEP!

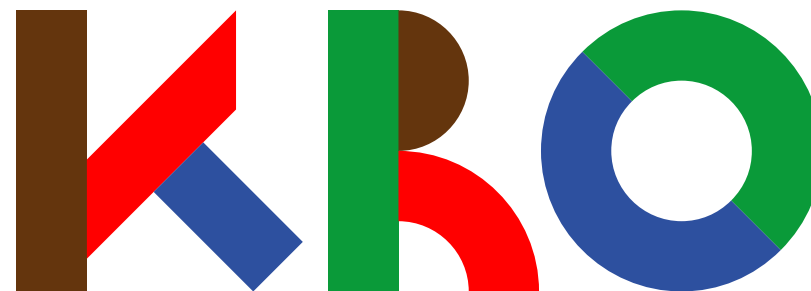

© Devo, Mark Mothersbaugh, 1980

PEP has a lot of pep. It is loosely based on a series of experimental designs ranging from *Fregio Mecano* and *Futura Schmuck* in the 1920s to *Bruno Munari's ABC Con Fantasia* in the 1960s. Whilst the UPPERCASE of **PEP** can be traced back to the latter, the entire typeface takes the six geometric elements much further. Throughout the design process, designer Dries Wiewauters tried to find the extremes within said “rules”. This process resulted in a mixed case type system, even extending into *experimental Cyrillic* and *Greek lettering*.

The six geometric elements

PEP is a typeface that can easily add playful flair, but also balances with restraint and confidence. Experiment with colors! Stylistic alternates! Break the forms! But, apply and utilize playfully at all times.

The six elements combined

PEP is available in two cuts – *Solid* and *Shapes* – both in 7 colourways: *Classic*, *Pastel*, *Hot*, *Cold*, *RGB*, *Gray* and *Black*. It is open to licensing in both Standard (‘STD’) and Professional (‘PRO’) versions, the latter containing language support for Cyrillic and Greek scripts as well as OpenType features, stylistic alternates, and symbols.
